Please answer each of the following questions:

1. Please describe why you are interested in participating in PEAC.

2. Please discuss your interest in, and/or background and experience with environmental issues.

3 Please discuss your interest in, and/or background and experience with litigation.

4. **Please discuss any interest or experience you have with administrative agencies.**
5. **Please provide any information to help PEAC faculty determine whether you have or may develop a conflict of interest. Given PEAC's clients and cases (see www.PEAClaw.org), please list any potential conflicts of interest you may have in working with PEAC, including outside employment, volunteer work, CIS, internships, externships and other clinics. If you are uncertain about something, please list it! If you know, you should include any internships or externships that you may pursue next year and any legal employment you may have next year (including this summer). A potential conflict may or may not affect your ability to work with PEAC, but it is crucial that we know about all potential conflicts.**
