Track Your Application Totals

OSCAR limits the number of clerkship applications you can submit at one time. While you can have as many draft applications as you want, you can only have **100 finalized applications to chambers law clerk positions** at one time. **Note:** This limit does not apply to staff attorney positions or pro se, death penalty, bankruptcy appellate panel, and court law clerk positions.

To help track this, OSCAR provides a count of your total number of applications you submit. You can reclaim application slots by deleting applications. If you submitted an application to a position that is marked filled, the application slot will return to you. If a position expires, you will receive the application slot back after 30 days.

To view your application totals, see **My Statistics** on the right side of your home page.

My Statistics

Total application slots remaining	98
Total withdrawn applications and applications to filled positions	0
