Wolters Kluwer Law & Business 2012, 111 pages

This book is intended to help new law teachers prepare for first semesters in the classroom. It begins at the preliminary stages of planning a new course and takes one all the way to writing and grading a final exam. The day-to-day teaching techniques will prepare the classroom teacher to successfully field students' questions, teach legal analysis, and make the most of today's pedagogy and technology to support your teaching.
