DARE TO CREATE

NATIONAL CRIME VICTIM LAW INSTITUTE

A WORLD IN WHICH . . .

At NCVLI we don't just imagine a better world. We act everyday to create it.

LITIGATION

We pair crime victims with no and low-cost attorneys and advocates ensuring that they are trained and have the resources to make the best legal arguments for victims; and we conduct strategic litigation to advance rights.

EDUCATION

We train nationwide on the meaning, scope and enforceability of victims' rights through in-person and distance learning courses and at our annual Crime Victim Law Conference.

LEGISLATION

We partner nationwide to support the adoption of model legislation that strengthens victims' rights and guarantees that victims have substantive rights and the procedural mechanisms to secure those rights.
