

SMALL
ACTIONS,

BIG IMPACT!

Victims' rights attorneys & advocates tell us they can't help victims without NCVLI.

“Thanks so much for all of your quick and brilliant research. It is impossible to express how much I appreciate it. I get so bogged down with endless cases it was amazing to have the information you provided.”

“You pulled out all the stops! The brief is fabulous. Thank you for everything you do!”

“If the rights of crime victims are to be vigorously protected and their needs addressed with care and compassion, two things are clear: Crime victims need lawyers and advocates, and their lawyers and advocates need NCVLI.”

“You are fabulous allies and we really appreciate your dedication and expertise! Thank you!”
