

# the campaign for lewis & clark law school

What the world needs most is what we do best. And what we do next depends on you!

## Training Climate Change Leaders for the Next 50 Years

*In 1970, Lewis & Clark Law School became one of the first to develop a curriculum focused on environmental law. Now, the school is centering its work on one of the greatest challenges of the next 50 years: climate change. Our faculty is recognized nationally for their expertise, and our program is one of the most robust in the country, often recognized as #1 in the nation.*

### YOUR IMPACT

No matter how you measure it, the climate crisis is the most formidable problem of our time—and it is one that will affect every single person on the planet. The world urgently needs thoughtful, informed leaders who can meet the challenge.

Your campaign gift to environmental law will:

**Train the leaders we urgently need.** Your gift to the Environmental Law Program as well as its students, faculty and clinics secures the continued development of leaders who are advocating for policies and practices to mitigate and/or equitably adapt to the worsening global climate.

**Affirm the urgency for action.** Your gift demonstrates your commitment to affecting climate change in multiple ways now and for years to come.

### GIVING OPPORTUNITIES

**Clinics** Our clinics and institutes provide a unique combination of practical training opportunities in litigation, policy making, and global collaborations. You can make a direct gift in any amount to support:

**Earthrise Law Center**

**Global Law Alliance for Animals and the Environment (GLA)**

**Green Energy Institute (GEI)**

**Named Scholarships** Support students by creating an annual or endowed named scholarship with a recommended investment of **\$100,000** (\$50,000 minimum for endowed, \$30,000 minimum for annual) or contribute to one of many existing named scholarships.

### Endowed Chair, Professorship, or Faculty Scholar

Endowed positions are academic honors that showcase the significance of environmental law studies and recognize excellence in teaching. Endow a new chair in Environmental Law with a gift of **\$2 million** or more for existing positions or **\$3 million** or more for new positions, a professorship with a gift of **\$1 million** or more, and a faculty scholar with a gift of **\$500,000** or more.

**The Law Fund** The Law Fund provides critical annual support for the Environmental, Natural Resources, and Energy Law program. Gifts of **any amount** will directly and immediately benefit students, faculty, and programs.
