ELECTION NOMINATION FORM

Position: Natural Resources Committee Representative

Name: Melissa Walton

Hometown: Hollister, CA

Goals: After law school I want to be involved in environmental public policy. Being on the Natural Resources Committee would be a wonderful chance for me to get involved with environmental policies on a smaller scale, and will allow me to help improve our already great environmental law curriculum.

My friends would describe me as . . .

Ambitious, compassionate, easygoing, and progressive.

I came to Lewis & Clark Law School because . . .

I decided to attend law school because I wanted to make a difference in the world. That may sound a bit cliché, but it's true. I chose Lewis & Clark because of the great community we have here. It was the most friendly law school I visited, and after being here almost two semesters my original impression has held true in that regard.

On my free days, I enjoy . . .

Traveling, it's been amazing discovering more of the Pacific Northwest since I moved here in August. Walking my dog, especially when I get to take him somewhere outside the city to commune with nature for a bit. Reading non-casebook things, namely short fiction and poetry. And occasionally dabbling in writing short stories and poetry too.
