ELECTION NOMINATION FORM

Position: Information Technology Strategic Advisory Council Rep

Name: Benjamin Cullen-Kerney

Hometown: Portland

Goals: To see the law school and law students take advantage of technologies that enhance education, productivity, and communication, to the full extent possible. Generally, to see cool things get done.

My friends would describe me as . . .

A dedicated, flexible, and helpful person, who wants to help you get cool things done.

I came to Lewis & Clark Law School because . . .

I want to advocate for the sane application of yesterday's law to today's technologies, and be a part of the safe and successful transformation of our career into the world of tomorrow. I want to help people and businesses get cool things done, legally.

On my free days, I enjoy . . .

Sunny: walking Portland with my wife, tasting our city's many delicious beverages, and seeing all the cool things people are getting done. Rainy: holed up somewhere dry with a laptop, hopefully getting some cool things done myself.
